# WHAT IS MINDCHAIN?

- **The next generation Crypto Asset**
- Mindchain is a Binance-based token, which means that it is compatible with the vast Binance ecosystem. According to the developer, the Binance blockchain was the perfect host for Mindchain. Since, it is secured and well-established, and it allowed the project to stay decentralized. Mindchain is the project's main currency. It is the token that powers the entire Mindchain ecosystem and has a total supply and max supply of 71,000,000.
